More Tax The Object

The two proposed constitutional amendments, if adopted, (and they will be) means but one thing, more tax, more money. The advocates of these amendments tell us wonderful stories about nine members of a commission being appointed by the Governor, who are to serve without pay and so on. This is argument only. The proposition only provides for the Legislature to do so and so. It means more offices, more pay, more tax.

The second amendment provides that 10 per cent. of the money collected to pay teachers may be used for other purposes. What other purposes? Can teachers' salaries be cut that much? No. What then? More tax, of course, which means more graft. The Times opposes every form of increased ad valorem tax for any purpose whatsoever until it is demonstrated that what tax we are paying is put to better advantage than what it now is.

Gasoline and Oil Upward

The wholesale price of gasoline and coal oil advanced two cents per gallon Wednesday. This, of course, will be passed to the consumer inevitably. This is nothing more than may be expected. The railroad strike is talked, and it looks like trucks will have to transport the freight. This calls for gasoline and oil. This is probably why the immediate advance. Yet crude oil has advanced some too.

Powell's Production

During the month of August Powell county produced 23,767 barrels of oil worth \$26,738.05. In the same month Lee county produced 370,582 barrels, worth \$424,444.28. Estill county produced 82,786 barrels, worth \$92,701.70. Wolfe 9,666 barrels, worth \$11,753.64. Menefee 3,460, worth \$3,806.22. The oil produced in Lee county was more than the five next largest producing counties in the state.

Road Work Resumed

Work on the Irvine road, both in this county and Estill, has been resumed with former determination after two weeks cessation. Work was temporarily suspended to allow farm hands an opportunity to cut their corn and make up their molasses. The weather will soon be bad, naturally. It thus behooves persons in charge to speed up the work while it yet is so it can go forward.

After Insurance Business

S. B. Tracy, of Winchester, together with Grandon Howell, local insurance man, have been very active in prosecuting their line of business in and about Clay City this week.

Corn Sale

G. W. Conlee sold to P. D. Todd fifteen barrels of corn in the field at three dollars per barrel.

The Railroad Strike

We are to have a strike, we are told, on all the railroads beginning October 30th. caused by a lowering of wages 20 per cent. The railroad men say they will tamely submit to the reduction if the companies will lower the freight. The rates are now extortion and it is just that the employees should share this extortion. The trouble lies with the greedy railroad hands second, and first with the authorities that allowed these companies to raise the rates without providing an automatic method of reducing them when times justify it. The authorities that have the privilege of granting increased rates, have also the privilege of reducing them. Now that this is not being done in a crisis it looks like somebody must be acquiring quite a lot of money.

Wedding of Interest

Miss Alice Creed, of Stanton, and Mr. Karl McKnight, of Oneida, Tenn., were quietly married at the home of the bride near Stanton. The Rev. R. A. McConagha officiated. The bride is one of Stanton's most attractive young ladies, while the groom is a promising young business man engaged in the oil work, and a world war veteran. Immediately after the ceremony they left on the honeymoon.

Get Your Trucks Ready

Railroad employees are to strike to prevent a proposed reduction in wages if enforced by the railroad companies. The companies are firm. If the railroad companies were not getting the highest freight and passenger rates ever known, and this too in the face of a reduction of every commodity, the employees would probably be more considerate. Both the wages and freight rates should be reduced at once.

M. R. Lyle Gets Light Plant

M. R. Lyle, one of Stanton's leading merchants, has this week had installed one of Willys Light plants. The plant was purchased of the Clay City Light & Electric Company and they did the work for him. This makes three of these splendid plants sold and installed in this county since spring and all are doing excellent service for their owners.

Death of Green Martin

Mr. Green B. Martin died Saturday, October 15th, at his home at Jeffersonville, Montgomery county. Burial in the Ficklin graveyard. Mr. Martin moved to Montgomery from this county years ago. He was 75 years old and a splendid citizen. Mrs. Asa Todd, this county, is a sister to the deceased.

Gathering Corn

Farmers are fast gathering their river bottom corn. They well remember two years ago, when one tide after another visited us, beginning the first of November.

"The Soldier Bonus"

If you were a soldier in the "World War" you should be interested in the passage of the "Soldier Bonns" bill. Twenty-five sister states have given their men a "bonus."

A permanent organization of former service men has been formed in every county to fight for a State Bonus.

This organization will mail to each candidate for the next Legislature a copy of their resolutions and a request that they state their attitude on this question and whether or not they will support a measure for the payment of adjusted compensation.

This organization individually and as a body pledge themselves not to support any candidate for the Legislature or any other public office who do not favor the passing of the aforesaid measure. This question will certainly figure in the coming election, taking into consideration the number of soldiers there are, and the influence it will bear upon their families and friends. It is a question worthy of consideration and one on which the candidates (especially the candidates for Representative) will be asked to express their attitude. We are anxious to know, Mr. candidate, how you stand. Are you for the passage of this bill, or opposed to its passage. Ex-Soldier.

Sells Cattle at Loss

J. B. Eaton sold eleven steers Monday to S. D. Goff. They averaged a little more than eleven hundred pounds and brought Mr. Eaton 4 1/2 cents per pound. Mr. Eaton bought these cattle two years ago and paid \$50 per head for them. The price they brought did not quite pay first cost, which leaves him nothing for grass, feed and trouble in keeping them for two years.

Child Undergoes Operation

Mumford, the bright little son, of Mr. and Mrs. Joe Mountz was taken yesterday to the Gibson Infirmary at Richmond where he had adenoids taken out. Reports from there today state Mumford is getting along real well.

Mrs. Martin Quite Sick

Mrs. Wm. C. Martin was taken very sick Tuesday and for a time was in a very bad condition. Dr. Martin at the time was in Louisville. He was called home by wire. Mrs. Martin is improving now and her friends trust she will soon be well again.

Ships Hay Here

T. J. Wright was here the latter part of last week from Bourbon county with a car load of hay raised on his farm. The hay was taken for storage on Hardwick's Creek.

Mothers' Club will meet at the school house Friday, October 18, at 3 o'clock. Subject: "the teacher and the child." All cordially invited. Mothers' Club.

SELF-RELIANCE GOES BANKRUPT

Thin Blood Saps Energy Gude's
Pepto-Mangan Rebuilds
The Blood.

Wrestling with a weakened condition of the blood is a desperate struggle. Thin, watery blood deprives the body of energy and causes a played-out feeling not unlike utter exhaustion. A man with weak blood has not the full use of his powers. He lacks decision, and vacillates until he loses self-confidence.

Some men and women too, go faltering along for months scarcely realizing that they need Gude's Pepto-Mangan, the blood builder. But when they have taken it for awhile, what a difference there is in the feelings! The old-time vigor and the red-blooded hue of good health return. The new rich blood gets to work, building, fortifying, lifting the spirit up to normal standard. Physicians have prescribed Gude's Pepto-Mangan for years as a blood builder. Druggists sell it in liquid and tablet form. Look for the name "Gude's Pepto-Mangan" on the package.—Advertisement.

ADEQUATE BANKING FACILITIES

Are absolutely necessary for the farmer who desires to conduct his business in a systematic and businesslike way.

The **CLAY CITY NATIONAL BANK** assists Powell and surrounding County farmers in carrying on their business and developing their properties in every way consistent with sound banking practices.

Our complete resources, experienced staff, and familiarity with the field, together with our **FEDERAL RESERVE MEMBERSHIP** and its advantages in safety and facilities, enable us to serve our community's agricultural interests to exceptional advantage.

To Fight Increased Rates

Preparations for the proposed fight of the Southeastern Livestock Association against any advance in freight rates on livestock by the railroads in the South were tentatively outlined by E. L. German, secretary of the Association at the Barlow Stock Yards.

As the first step Farm Bureaus of the five states represented in the association at present are being urged to co-operate and secretaries of the Farm Bureaus have been advised of the probable revision upwards of rates as indicated in the proceedings of the section representing the railroads of the south which were recently instructed by the Interstate Commerce Commission to readjust their livestock charges.

The states with livestock markets already embraced in the Southeastern Livestock Association are Kentucky, Indiana, Ohio, Tennessee and Alabama. As Louisiana and Florida are also affected by the rates they are expected to join in the movement launched by the association at an early date.

A direct appeal of all farmers and producers of livestock to co-operate in the movement is to be made as soon as arrangements can be effected.

"This movement is one by which directly concerns the farmer who is the one who pays the freight," said Mr. German. "If the rates are advanced beyond the present tariff, as every indication seems to be, the farmer will receive a ruinous blow. It is necessary that the association have the support of every livestock producer and shipper in the territory embraced in the association.

The South has suffered almost to the breaking point through its tobacco and cotton losses. It has just begun to take a most important place in the production of livestock. Any step that injures this third sphere of production should be averted by every means and at any cost.

"Kentucky has just begun, in particular, to advance to the breeding of better cattle, a great stride forward for the livestock producer and calculated to make him again independent. To add to the present rates not only would make cattle raising an uncertainty but would in many instances make it absolutely prohibitive."

A conference with the committee of the railroads in charge of the revision of rates probably be held in the last week of this month in Atlanta.

Knox, Thompson; Dr. Lawrence Knox and wife, of Torrent; Dr. Johnson and his mother, Mrs. Amanda Johnson, Stanton; Mr. and Mrs. G. M. Derickson and Mr. and Mrs. Milt Conlee, Rosslyn. He was buried near his home where other members of his family had been buried.

Mrs. Knox, through these items, wishes to express her thanks and appreciations to those who so kindly aided her through the illness and death of her beloved husband.

Forming Good Reading Habits

If parents wish their children to form good reading habits they must first form such habits themselves. And there is no better way to do this than to bring into the household a periodical that will be of interest to every member of it; that will supply the best reading for old and young. Among the periodicals of this description the Youth's Companion is unique. Not only does it aim to entertain and inform boys and girls in their teens, as its name suggests, but there is not a page in it that parents can pass over with indifference.

The 52 issues of 1922 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1922.
2. All the remaining issues of 1921.
3. The Companion Home Calendar for 1922.

LISTEN!

Cool weather has reduced the sale of Blue Bird Bread. I will still handle it, but in smaller shipment, and I am forced to sell it at 10 cents. Will get shipment every day.

YOURS TRULY,

J. J. CURRY.

Mr. and Mrs. Lewis H. G. and Mr. and Mrs. Albert M. and Mrs. Key Lewis, Miss Morton Ida and Myrtle McCoy were the guests of Mr. H. G. Profitt Sunday.

"Dear's Hero" We admire the man who readily admits that there are smarter men than himself. He has reached the age when the accumulation of knowledge and wisdom is not difficult.

After Effect of Scarlet Fever

"As an after effect of scarlet fever," writes Mrs. J. McCullough, 236 Snyder St., Easton, Pa., "my throat was always dry and I had a tickling cough. One bottle of Foley's Honey and Tar gave me relief." Coughs, colds, croup, stops tickling in throat and bronchial irritations. —Sherman Robbins & Sons local agents.
